

# 2023 July Food Drive

## Let's end hunger... In our own backyard

Help us fill the buckets with  
non-perishable foods for our  
local food pantry.

Over **7 million**  
of our Northeast  
citizens are  
food insecure.

Low-income communities are also disproportionately affected by a lack of access to healthy, affordable foods. United is committed to helping our local food pantries assist in providing these much-needed resources so our neighbors can have access to enough food for an active and healthy life.

**Throughout the month of July, United  
will hold a nonperishable food drive at  
all locations.**

Cash donations also accepted.  
All donations will benefit our local food pantry.
